

NO. SD209-FS-DS

Freestanding Advertising Kiosk

Plug and Play

Plug and Play is the easiest and most simple way to upload content to the screen. Simply load images and videos onto a USB stick, insert in the display, wait for your content to copy over and then remove. Your images and videos will now play in a continuous loop.

Network CMS Upgrade

We also offer cloud basis network CMS if required, and you can run the third party Digital Signage software via the Android PC board too.

HDMI input support

If you want use your own player box, this android display can meet your demand via the Full HD HDMI signal Input port as well.

Commercial Grade

Designed for use in commercial applications this screen can run 24/7. There are no external buttons or controls to avoid tampering.

IPS Panel

Superior image quality and colour depth at 178° ultra wide viewing angle in both landscape and portrait orientations.

Pro-Cap Touch

Touch function updated if needed, State of the art projected capacitive interactive technology offers the most responsive and sensitive touch experience available. Designed for commercial applications

Giant Tablet Styling

Designed as one giant tablet. The sleek and sexy look is achieved with a striking aluminium surround and stunning IPX1 rated edge-to-edge glass.

Integrated Castors

Designed with brake block castors for easy manoeuvrability, once the kiosk is in the position the wheels can be locked.

LED Backlight

Improves brightness and contrast as well as improving their lifespan and reducing their power consumption. Unlike other forms of light this technology is mercury free; making it even more eco-friendly. The panel and backlight have a lifespan in excess of 60,000 hours.
