

## 19 inch Open Frame LCD Monitor

## BENEFITES

- -Exceptional quality and highly engineered industrial monitors
- -Optional touchscreens like resistive, IR, SAW, PCAP
- -All steel construction designed for harsh and industrialenvironments
- -Easy-to-install cabinet and open frame rear-mount display
- -Multiple mounting options (75/100mm VESA mount and sidebrackets)
- -Accuracy in high-use applications
- -Long lasting product cycle for continuity thru all phases of project

## **OVERVIEW**

ITD industrial open frame displays deliver cost-effective, high quality display solutions for OEMs and system integrators requiring displays integrated into an application. ITDopen frame LCD monitorsare packaged in a steel enclosure and durable glass front surface provide the durability needed for demanding industrial environments. These displays are ideal for applications from retail to gaming, hospitality to kiosks and industrial machinery builder applications.
